## Building Capacity

Our Parent Engagement Liaison will be a main point of contact to parents to receive resources, support, and information that engage parents and families.

## Other Activities

Our school is committed to the success of students and their parents in life. We have a food and clothing pantry to help students and families in need. We also have a library for parents to check out books to assist in the education of their children. Conferences are scheduled to support parents' busy schedules.

## Annual Title I Meeting

We will present via PowerPoint presentation and handout (agenda) the benefits and features of the Title I program. We will discuss how the Title I program provides over \$500 million in federal funds to school districts across Florida. We will cover how our school benefits from these funds (professional development, resources, instructional positions, parent engagement liaison position) as well as the reason we are designated a Title I school.

We will also discuss the great strides we have made in closing achievement gaps, as well as improvements made through parental and family involvement based off of our previous years Parent and Family Engagement Plan recommendations.

## Parent Meetings

Meetings will be combined with a school-wide function to encourage parents to attend, as well as see their children perform. Minutes and PowerPoint presentations discussed at meetings will be posted on the Conway Elementary website. Reminders for meetings will be on the school website calendar and the school Facebook page.

Our goal is to provide a bus to at least one of the parent academies during the school year.
