

Math/Science Sneak Peak

April 13th – April 17th

Packet Learning and Online Learning!

Hello families!

We are working hard to make sure the CANVAS online learning is similar to the district provided packet. Every family should receive a packet in the mail this week.

Science, both in CANVAS and the paper version, is about Interdependence. This includes Animal and plant adaptations, environmental changes, and food chains.

Math, both in CANVAS and the paper version, is about volume this week. This should be a review from the previous week.

Remember you only have to do one OR the other – CANVAS online OR the paper packet. You do not have to complete both!

We are SO PROUD of you scholars! We can see you are working hard and want you to keep up the good work!

We're in this together,
Aislinn Van Buren and Mr. Harris
5th Grade Math and Science

RESOURCE: Grade 5 Packet located on the [school's website](#). It can also be picked up at Conway ES from 9am – 2pm.
