

Math/Science Week 5

April 27th – May 1st

Week 5 is going to be a great week filled with lots of learning!

Science: PLEASE have your scholar USE THE PACKET to take notes even if they are using Canvas to turn in their work. This will allow them to use what they have learned on the online quizzes. Each online quiz can be submitted 3 times in order to get the best score! If your scholar is using the packet – please have them still watch the videos provided in the learning links handout!

Math: The district packet is focusing on VOLUME for week five. If your scholar is using the packets, please use the learning links handout for assistance! The ONLINE work is going to be a Harry Potter Unit Based Review. This will be an exciting opportunity for scholars to review all of the standards they have learned in fifth grade.

We're in this together,
Aislinn Van Buren and Mr. Harris
5th Grade Math and Science

RESOURCE: Grade 5 Packet located on the [school's website](#). It can also be picked up at Conway ES from 9am – 2pm.

Math

Monday	Canvas – Sorting Ceremony: GEMDAS Review Packet – Create Solid Figures with the Same Volume
